

Ms. Aghnia Nabila Risto, (Indonesia)

buku_keliling@yahoo.com

My name is Aghnia Nabila Risto. I'm 21 years old now. I'm currently studying at the Faculty of Law, Padjadjaran University in Bandung. In my daily life, I'm working for my own business too. I have 4 employees and 7 resellers to promote my product. I was a member of Indonesia Young Entrepreneur Society. I'm really passionate for business. That's why, I build my own business when I'm still studying now. Being the founder of Indonesia Young Entrepreneur Society at Padjadjaran University, I deliver frequent business seminars.

Some of my achievements include:

- Young Caring Professional Award, Singapore (2012).
- Delegate of Indonesia for Aseanpreneur Youth Leader Exchange in Manila.
- Second best student of Faculty of Law in my university.

I am really interested in business because I believe that youth can do real things that can help our government to improve the economy.
