

# *Mr. Kais Khmira (Tunisia)*

*(kaysooon@gmail.com)*

I am from Tunisia and 24 years old. I am a medical student in faculty of medicine in Tunis University, Tunisia. I'm working at UNESCO club Tunis, and I am also a member in Assoia –Med association.

I visited some countries in the world like France, Morocco, Turkey, Algeria and Nepal, and participated in different international workshops, trainings and conferences in my country.

I'm just trying my best to change and prepare myself to bring positive transformation to build a peaceful world and also working with Global Youth Leaders for this purpose. I'm also striving to light candles and make smiles in the faces of Underprivileged community's children.
