I was born and raised in Kathmandu, Nepal. I am currently in Malpi International School studying in the 10th Grade. I plan to study harder and aim for bigger numbers.

I have attended Seventh Youth Peace Ambassador in Kathmandu, Nepal at 2014 when I was only 13 years old. Now I attended the Seventh Youth Looking beyond Disaster Ambassador Training Workshop and now I am 15 years old.

Since a young age I was fascinated by Youth's UNESCO Club in Nepal. My goal is to be a good leader and to study hard and make my family proud of me.

I love playing football and video games. I would love to work further in different aspect of Youth and problems of youth.
