Abia State Children's Parliament

4. Action Plan members details

Hon. Mary Chukwu

(member representing Aba South in Abia State Children parliament)

2348186927213, 2347085162171

5. Action Plan Report

5.1. Description

The Youth for Peace Project (YPP) is a sensitization programme and was organized by Youth Peace Ambassadors Nigeria and the Abia State Children's Parliament. The event was held on February 14 @UNUBI hall 5a Ngwa Road Aba.

There were around 800 participants and 5 guest speakers.

5.2. Objectives

To educate students about Valentine

To educate them on their rights, assertiveness, and maximizing their potential for greatness

To mobilize them for peace so that posterity will see them as colossus

To increase the knowledge of these young people on peace building

To strategically include youths in peace talks in their various schools.

To make them see themselves as epitome of change to the society

To get their opinion on the state of the Nation's Peace

To curb youth restiveness as they graduate from secondary schools into the society

To teach the young people about The World Peace that can be reached through intercultural learning

5.3. Outcomes

At the end of the programme some students confessed that they have already planned how to hang out with their boy/girl-friends, but they didn't really know the meaning of Valentine. With the workshop, some also said that now they now know how they contribute in reducing youth restiveness in their communities. This shows that the objective of the programme was achieved.

5.4. Participants

800 Students attended the programme

Youth Peace Ambassadors International Training Programme – Progress Report

5.5. Other activities

Awareness programmes

5.6. Challenges

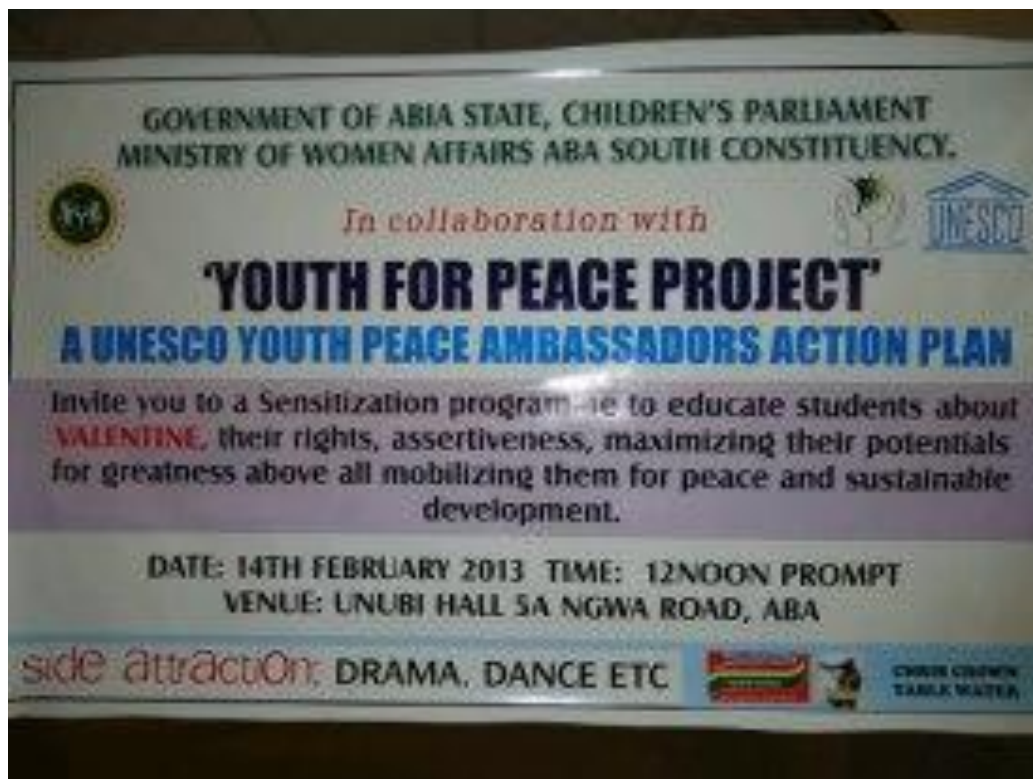

- sponsors (I found it difficult to get sponsors here). People think we are mobilized by UNESCO to do the action plans
- time
- mobilisation
- fund
- publicity

6. Future action plan ideas/related action plans

Planning to achieve peace through sports development

7. Date of the report: March 2013
