

# “Peace-loving Leader”

5<sup>th</sup> Youth Peace Ambassadors Training  
Workshop

By: Mohammad Haroon

# Problem Statement

**Afghanistan** is a war-torn country, our ultimate need is peace. Youth leaders are manipulated by the charismatic leaders for their own benefits often at the expense of innocent people. Moreover, females are always kept isolated in **Afghanistan**. The education system in **Afghanistan** would help educating Afghan youth but is the least developed in the world, therefore more effective policies are needed.

**War is CATASTROPHE!**

**Peace is LOVE!**

# Goals and objectives

- Capacity building of University Students.
- Promote the culture of acceptance among Youth.
- Provide leadership and peace training for female students that would help them become more active in their societies.
- Fulfill the potential of Afghan Youth.
- Develop curriculum for Peaceful leadership.
- Initiate peace and leadership altogether.
- Train minds to love peace rather than war.

# Programs

``Peace-Loving Leader`` workshop program for young potential student leaders from three Universities in Kabul.

Content will not only be limited to peace, but leadership as well, so Youth can transfer their knowledge to other people in their communities and as well as become positive change-makers and effective peace-loving leaders in the future.

**More than 50 % of Afghan Population is female...**
