Life is an art and we are the artist who will make the decision of what should be painted and design. I am Farah Yasmin binti Abd. Radzak and I was born on 28th May 1991 in Johor, Malaysia. The name 'Farah' means happiness and 'yasmin' is a jasmine flower. I have sixth siblings and I am the eldest sister in my family. Currently I am a law student at a Faculty of Law, Universiti Teknologi MARA (UITM) Shah Alam, Malaysia.

Being a law student is very challengable as I need to read lots of cases. However , since I am into this field it is the challenge that I need to take in order for me to succeed in my life. Since I was a kid I love to do lots of things other than studying . In terms of leadership I am currently a President of Student Secretariat of Faculty of Law UITM (SMFUU), a member of UNESCO Youth Peace Ambassador Club UITM, a former Secretary II of Student Community Law Club (SCLC) Faculty of Law UITM and also a former Treasurer of Institut Pemimpin Muda (IPM) UITM which is an institute for young leaders of UITM. Currently, on April 2013 I was awarded as the best Female Leadership Award of UITM.

My passion is charity as I believe that when u do charity u will find your peace. Under one of my club which is Student Community Law Club (SCLC), we didi lots of charity program as our core are social entrepreneurship, legal teaching and volunteerism. I had my own legal awareness program such as Personal Data Protection Act Legal Awareness Campaign, Legal Teaching to the orphanage and refugees people of Rohingya and lots of things.

I am also have been working with many Non-Profit Organisation like Malaysian Youth Hostel Association and Malaysian Young Humanitarian. I have been to Kota Pariaman, West Sumatera, Indonesia for humanitarian mission by doing teaching on English and Mathematics.

Beside my leadership and social activity, I am also being blessed with other talents such as I can play musical instrument and I was part of my School and University Brass Band. I can play flute for orchestra and currently I am learning how to play violin. Other than that, I love sea very much and I also have a scuba diving licence which I was obtained last year.

My future plan is I want to get involved in many humanitarian activities and to go at the international level as it is my dream to work for the United Nation because I believe that being a Muslim Woman you must show to the world that Muslim Woman can change the world and it is my hope that other people will change the mindset that Muslim are not Terrorist and I want to promote the good of Islam to the world.
