

# Ms. Ika Istikasari (Indonesia)

(Ika.istikasari@yahoo.com, Ika.istikasari07@yahoo.com)

I am 20 years old, and a last year student of Faculty of Fisheries and marine science, Diponegoro University, Semarang, Indonesia. My hometown is located in DesaPesidi II RT 6 RW 3, Kecamatan Grabag, Kabupaten Magelang. I live on Desa JurangBelimbing RT 04 RW 04, Kecamatan Tembalang, Semarang 50275 which is the place my boarding house during studying in Diponegoro University.

I am an active student. I have participated in the group of KSP (Kelompok Studi Pemanfaatan Sumberdaya Perikanan) and club diving. KSP also has joined with HIMPATINDO (Himpunan Mahasiswa Perikanan Tangkap Seluruh Indonesia). National events are often held in cooperation with HIMPATINDO. Through the Youth Peace Ambassador Program will give more outcome which we can get, not only new experience but also get the friends. We would like exchange the ideas, relation, link, giving more information in the return, communities, and especially we can study about the culture of peace from differences countries. I want to promote our community from my country Indonesia and hope it can be inspiring people.

My friends and I have an action plan incorporated in Kresna Youth Peace Generation. Our action plan collaborates with “**Kresna Youth Peace Generation**” in Semarang, Central Java, Indonesia. Kresna Youth Peace Generation *with the mission of inspiring people to love and peace and create peace-loving youth generation to environment, social, and education. Our vision is to assist people by building a practical foundation and understanding of love and peace within individuals and society as a whole. Our programs further the awareness and application of unconditional love through education, environment, and social. Our intention is to explore a variety of creative activities and presentations that enhance unity and self-conscious expression while promoting love and respect to all aspects of life.*

Our Program is about Environment, **Saving Sharks from Hunting**. This Program to educate students to safe the shark from illegal fishing, needs consumer demand for shark fin, and extinction of sharks. The program is breeding shark and dissemination to coastal communities.
