

ALMOST A DECADE

Why We Need To Be Aware

Celebrating the lives of the Typhoon Durian victims

BY: PATRICK ANTHONY R. NOTA
BICOL UNIVERSITY
PHILIPPINES

TYPHOON DURIAN

Eight Years Ago

Rationale

This project will be conducted by the Bicol University United Nations Educational, Scientific, and Cultural Organization (BU UNESCO) Club in coordination with the provincial government of Albay to celebrate the lives of the victims of Typhoon Durian and to increase awareness and preparedness especially for youth in the province of Albay about natural disaster.

Objectives

- To celebrate the lives of the victims of the typhoon
- To improve preparedness and awareness on disasters
- To give back to people who were affected by the typhoon
- To conduct seminars on disaster preparedness
- To encourage youth to be involved in the programs of the local government about disaster preparedness
- To educate and visit the disaster struck locales about how to be ready before natural disasters

Location

Legazpi City
Philippines

Opportunities

- It would increase youth's awareness and preparedness in disasters.
- Giveback to families affected by the typhoon
- It would get people involved and build friendships and camaraderie.
- Initiate a commemoration that could eventually be continued in the near future
- Giveback to the environment by tree planting.

Challenges

- Funding
- Participation and youth's involvement
- Approval of proposals

Indicators

- Budget approved
- Number of sponsors
- Number of participants
- Impact to the community

Implementation Plan

This project will be done in the province of Albay with focus on areas in Padang, Guinobatan, and Banag.
