

# Ms. Lathifah Al Kakimi

(zephyrprincess@gmail.com)

Assalamu'alaikum Wr. Wb.

First, let me introduce myself. My name is Lathifah Al Hakimi. You can call me "Lathifah" or "Kimi". I was born in Bantul, Indonesia, on 10 March 1991. Currently living in Yogyakarta, I'm pursuing my B.A. in Geography Education, at the State University of Yogyakarta, Indonesia. While in Senior High School, I participated in the Geoscience and Geography Olympiad. Because of that, my passion is all about geography, geoscience, environment and disaster, and I have also developed interest in travelling, organization, reading, writing and broadcasting.

During my free time, I volunteer as the secretary of Student Executive Organization of Family Student, State University of Yogyakarta. Because I want to be a youth entrepreneur, I founded the Association of Science Olympiad Training (ASOTA). ASOTA is an association that helps students preparing for International Olympiad Science in all disciplines like Mathematics, Physics, Chemistry, Biology, Computer, Economics, Astronomy, Geoscience and Geography.

With the support of my family, friends, and teachers, I was able to join the Youth Peace Ambassadors (YPA6) International in Thailand. There, I got unforgettable experience and creative ideas. It is there where I had the opportunity to meet with other students from Indonesia, and amazing people such as Darryl, Dolappo, Ria, Tom, and Alin. Thanks to this experience, I hope to begin changing the world together, starting from myself to ourselves, from smallest and now, from our self, from smallest, and from now.

Thank you very much for your attended.

See you.

Wassalamu'alaikum Wr. Wb.
