BACKGROUND

After some research has been made, there are differences in the level of understanding about many issues between rural and urban areas in Malaysia.

We will focus on the differences in fields of Mathematics and Science.

PROBLEM STATEMENTS

Lack of awareness in MATHEMATICS AND SCIENCE subjects in the RURAL AREAS ALL OVER THE COUNTRY

The gap difference in MATHS AND SCIENCE education between rural and urban societies (Students) leads to social gaps that create tensions in their later life.

GOALS

Help reduce the gap difference in terms of education between the rural and urban societies

Help our communities in good social engagement and teamwork towards a better approach in a lot of other social aspects in life

Unite the Malaysian YPA trainees from different YPA trainings into a common team, and map their various action plans.

OBJECTIVES

 To improve the cost of living in terms of Education for those people who come from remote areas that have never been exposed to a proper knowledge in Mathematics and Science

(Through fun-learning activities such as experiments and exhibitions, also introducing ethics of science and technology and critical thinking)

 To help instill the Generic Skill Attributes in terms of teamwork engagement between the volunteers and the respective community members

ACTIVITY

- •The Youth volunteers will create an interactive module based on Mathematics and Science for the primary students
- •The module should include some interesting games based on Mathematics and Science to ensure that the students are interested to join in
- •Some outdoor games and arts based on Mathematics and Science will be held.

WHO WILL BE INVOLVED?

- •YOUTH VOLUNTEERS FROM ALL UNIVERSITIES
- MINISTRY OF HIGHER EDUCATION
- •RURAL AREAS' TEACHERS FROM PRIMARY SCHOOL
- •PRIMARY STUDENTS FROM RURAL AREAS

OBSTACLES/CHALLENGES

To convince the stakeholders

To encourage the involvements from NGOs

To get sponsorships

To ensure continuous linkage to the broader UNESCO YPA networks within Malaysia and beyond, and their related projects.
