

6TH YOUTH PEACE AMBASSADORS
INTERNATIONAL
ACTION PLAN:
CULTURE FOR NATURE

Let's simplify the concept of green living

Planned by:

Andromeda

Faidh Husnan

Radita Ikapratiwi

Assistants of Anatomy Laboratory
Medical School of Jenderal Soedirman University
Central Java-Indonesia

RATIONALE

Recent condition: mostly youths in Banyumas forget about their native culture

Culture

Related to how people live their life

Easy to understand, meaningful

Fact: There are the increasing of waste production that is **not followed** by the increasing of **awareness of how to manage it.**

Behavior → Throw rubbish haphazardly especially to the river

Many people come to city → many **vehicles** → **pollutions** → how to decrease??

Sungai Banjaran

OBJECTIVES

- ❖ To increase the awareness of Banyumas society about green living
- ❖ To encourage Banyumas society in giving their contributions from the small thing to make a green and healthy environment for now and next generations

ACTIVITIES

Theme: "Green Living n' Youth Creativity, Gaya Hidupku Gaya Hidup Hijau"

Youth Peace Ambassador 6

DETAILS

Bawor Show

Bawor will show the story telling related to the nature especially in green living with uniquely theatrical

Human Juke Box

This activity is inspired by juke box. Juke box was a popular music tool in USA in 1940 decades. Human juke box means a group of people that will play music as juke box. There are 3 boxes that have different function. The first and second boxes will be used for collecting money, and another box will be used for recycleable rubbish (bottle, plastic, etc)

Clean River Competition

There will be 30 participants that will be divided into 6 groups. Each group will get float and sacks for collecting rubbish in the river. A group that collects the heaviest rubbish will be the winner.

Greeny Bike

This action aims to apply the healthy lifestyle, to accustom the cycling as a part of daily life. The bicycles should be beautified with accessories related to Banyumas culture.
