

# TEACHING MATHEMATICS AND ENGLISH TO YOUTHS

**YPA6 ACTION PLAN**  
**BY:**  
**Nabiollah Masoumi**

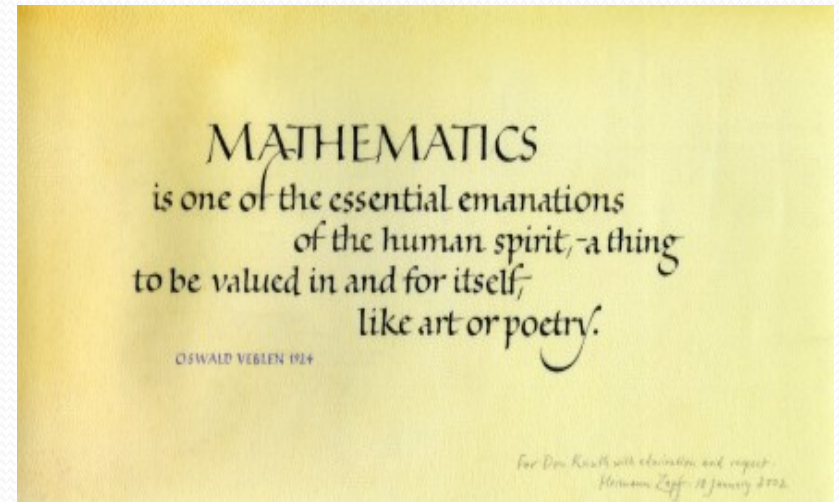

# WHY EDUCATION MATTERS?

- Education;
  - Develops social skills and is the base of our civilized society .
  - Way of attaining spirituality and liberation.
  - Makes your professional life.
  - Broadens our horizon.
  - Helps to think rationally .
  - Is main means of development.

# WHY MATHEMATICS?

- Demand for Mathematics
- Application of Mathematics in various disciplines.
- Pleasure of learning and applying mathematics.
- Satisfaction in solving problem.
- Giving ability of rational and logical thinking.
- Math is fun.
- Students have problem in learning math.

# WHY ENGLISH?

- English language has become the common language for communication with foreigners around the world.
- English language is the academic and business language for many countries.
- Iranian students, mostly come to India to learn English language.
- Many English native language Students are in India who are ready to help students.

# PEACE AND EDUCATION

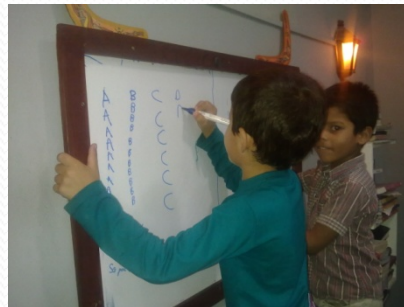

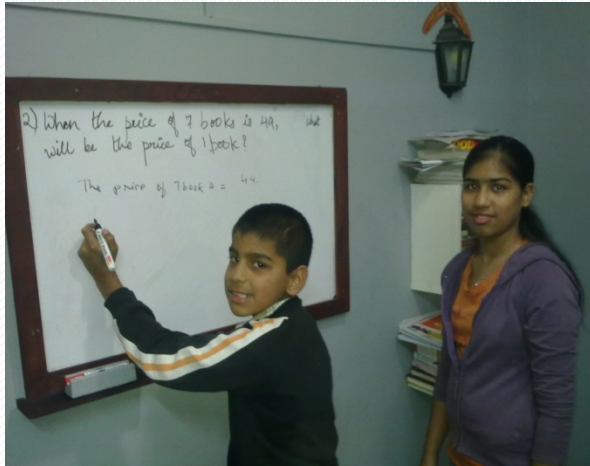

- Correlation between Peace and Education.
  - Peace for education
  - Education for peace
- Peace and Education are linked to one-another.
- Contribution of peace and Education to development and welfare of human being.

# YPA 5 ACTION PLAN

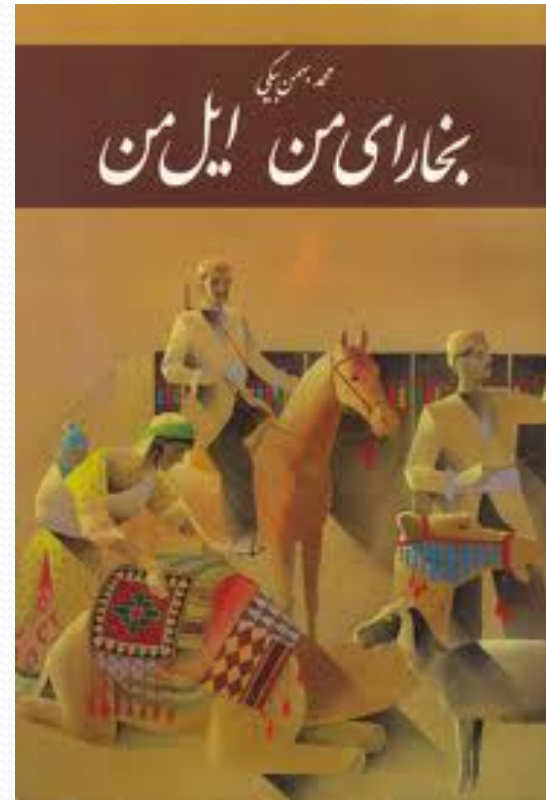

- “Teaching Math and Reading Poem for peace” was the topic of our action plan.
- Poetry part, replaced by teaching English.
- Free Education Plan in Pune - India.
- Based on volunteerism.
- Senior students easily can teach their juniors.
- Practicing teaching and learning in same time.
- Our volunteers were from various countries.
- We have a center which has offered to us for free education.
- 43 students registered with us as volunteers or students.
- Our action plan was interestingly successful, and we plan to develop it.
- Our action plan created friendly environment for our community of teachers and students.
- Our students teaches all subjects to each other and we already have graduate students to help them in mathematics and science.

# SOME PHOTO OF YPA5 ACTION PLAN

# INSPIRATION FOR YPA 5 ACTION PLAN

- Inspiration from life and work of Muhammad Bahman Baigi (1921-2010).
- Bahman Baigi started formal education for nomadic communities in southern part of Iran.
- He has written many books about education, peace and culture.

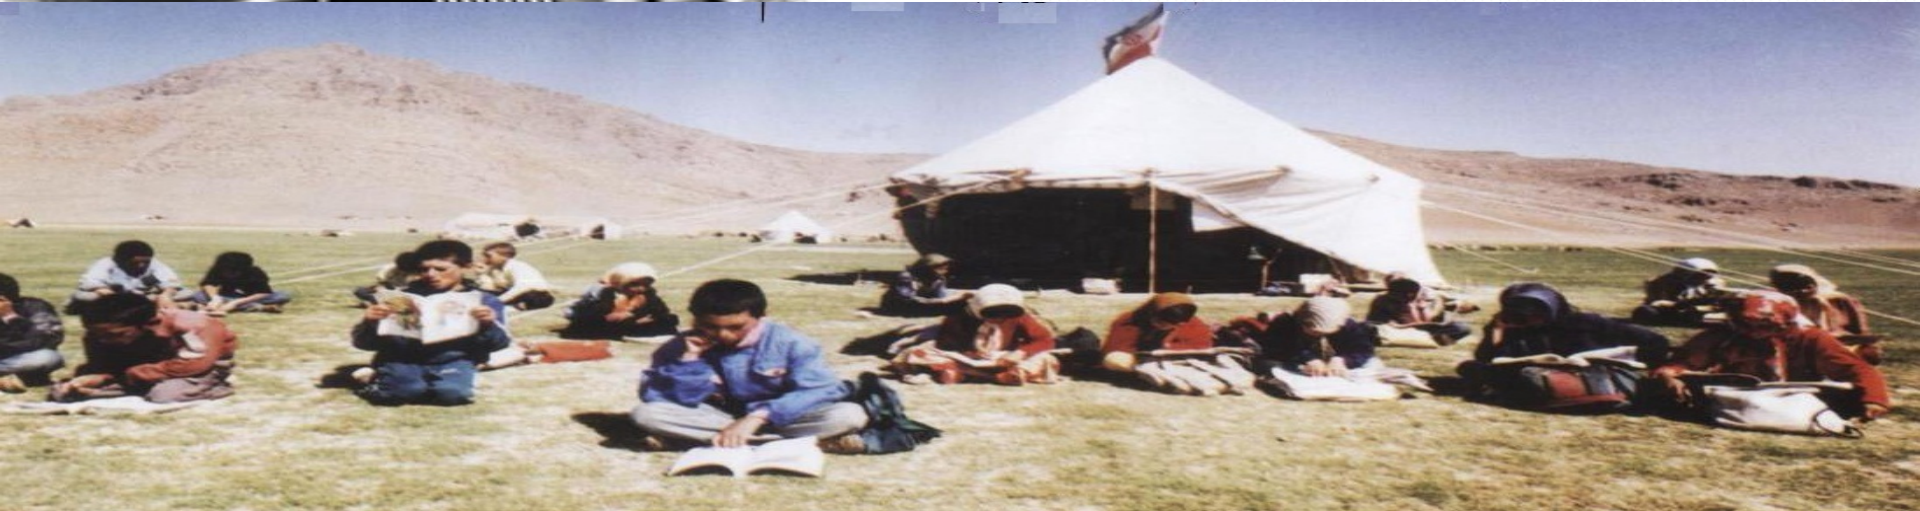

My Bokhara, My Tribe  
By: Bahman Baigi

**“Peace is lying down  
in alphabet.”  
(Bahman Baigi)**

# THE AIM OF NEW ACTION PLAN

- Continuation of YPA5 action plan.
- Development of previous action plan.
  - Getting connection to schools.
  - Providing independent and larger center.
  - Introducing our action plan through seminars and events to get more support.
  - contact to Iranian consulate in Bombay to support our action plan.
- Intercultural connection and interaction among Indian students and Foreign students.
- Practicing peace through cooperation and solidarity in society.
- Creating space of trust and respect among our volunteers and students.
- Helping students.
- Spreading message of peace and friendship.

# TARGET GROUP

- Students who can not pay for private tuition.
- Indian students
  - College students
  - High school students
  - Schools
  - Primary Schools
- Foreign Students
  - Specially Iranian Students
  - Schools and universities

# PLACE FOR TEACHING

- Let's Study center at Pune city.
- Try to find an independent and larger place.
- Department of Mathematics, Pune University.
- Visiting homes by volunteers, if there is demand from student's family.

# VOLUNTEERS

- Foreign students
- Students as volunteers
- Indian students
- Volunteer people
- Students as teacher to help each other

# FUNDING AND BUDGET

- Our plan provides free education for students with help of our volunteers .
- Getting support from various organizations which are active in India to provide gifts, education material for students.
- Absorbing fund from nonprofit organizations, somehow to not violate Indian Government's Rules for foreign Students is our new target for developing our action plan.
- Getting help from NGOs.

# WAY OF COMMUNICATION

- Communication with registered students.
  - Phone
  - Social networks
  - Email
  
- Information for new students.
  - Local newspaper to inform more students about our action plan.
  - Communicate to School's administrations to inform students.

# TIMING

- Our action plan will be conducted through the current educational year, in India, from June 2013 to March 2014.
- Time of teaching will be flexible, depends on the students and volunteers' free time.

# POTENTIAL CHALLENGES

- Difficulty to find financial support to develop Let's study center.
- limitation of time for volunteers.
- limitation of place to register more students.
