

## YPA9 Action Plan

Mr. Md. Robiul Islam, Mr. Muhammad Ziaul Huq  
(Bangladesh)

# *Campaign on* **Children's Rights to Education**

*All human beings are  
born free and equal in  
dignity and rights.*

They are endowed with reason and conscience and should act towards one another in a spirit of brotherhood

## Concept of Human Rights

Human rights is a widely used and highly valued concept in this world. These are rights inherent to all human beings, whatever our nationality, place of residence, gender, ethnic origin, color, religion or language. We are all equally entitled to our human rights without discrimination. These rights are all interrelated, interdependent and indivisible.

## Concept of Children's Rights and Education

According to the United Nations Convention on the Rights of the Child, individuals up to 18 years of age are considered to be a child. Every child will enjoy his basic.

Education is unquestionably basic rights and it's the key point for the national development. Nation would be developed on the basis of how many citizens are educated .

## Child Rights to Education in Bangladesh

Education is a basic right for every children that recognized in the Universal Declaration on Human Rights in Article 26 and Declaration of the Rights of the Child 1923 as well as Bangladesh constitution unquestionably committed with this declaration.

More than 4 million children in Bangladesh do not go to school. Only 10% of the national budget is for education. 60% of the girls in village are even now forced continually early marriage leaving school.

## Objectives

1. To Create awareness about impotency of Child education as their basic rights among the grass roots people.
2. To raise voice against early marriage
3. To raise awareness against child work.
4. To concern the government to be more sensitive about child education and developed policy about it.
4. Promotion of human rights through mass emancipation of youth societies in every sector.
5. Ensuring women's emancipation in the national level and protecting basic rights of children .
6. Fighting against irregularities and working for the prevention of torture and enforced activities.
7. Advocacy for children rights to education.

## Concluding Remarks

We cannot deny any rights of children while they are the future pillar of the nation. So, its necessary to take effective action by youth like us where they can role as fuel for social development as most important part of the nation. Hope our action would be the noticable contribution to promote rights of the children in the field of education and society in our targeted area.

The End...

Let's Say **Yes...**  
for  
**Children Rights.**
