

Mr. Zuhair Ahmed Kowshik (Bangladesh)

(zakowshik@gmail.com)

Currently I am enrolled in the second year of my Bachelor of Disaster Management (BDM) in the Institute of Disaster Management & Vulnerability Studies, University of Dhaka.

I have attended International Workshop of Climate Change, Malaysia, 3rd Asia Pacific Students Forum, University of Indonesia and South Asia Youth Environment Conclave, The American Center New Delhi, India. I am working to be a Youth Looking Beyond Disaster Ambassador.

I want to be a successful disaster researcher in my life. I want to pursue my higher studies in Japan and New Zealand as many Universities in these countries offer attractive scholarships in the discipline of Disaster Studies.
