

# Mr. SOWATH Panharidh (Cambodia)

(ridhpanha@yahoo.com)

I was born in the capital city, Phnom Penh, of Kingdom of Cambodia. My family relocated to Kampot province when I was three and lived there for more than ten years. I returned to Phnom Penh for college. Currently, I am a senior majoring in International Studies at the Royal University of Phnom Penh, and I am also in the last year of my bachelor degree in Information Technology in the University of Cambodia. I have volunteered for several institutions. Recently I volunteered as a Liaison Officer for the Fifth University Scholars Leadership Symposium. In addition, I have been a part-time English teacher. Therefore, I am well equipped with important and critical skills including team working, professional communication and management.

I am very pleased to learn and to share knowledge, experience, and specifically the action plan relating to peace. Last but not least, I am ready to offer as much as I am able to for building, making, and maintaining peace domestically and internationally.
