He graduated his secondary education at Iloilo National High School which is known as “schools within a school”. He is presently taking a Bachelor in Elementary Education major in Special Education as his degree at St. Paul University Iloilo. He is the newly elected Vice President for Internal Affairs of the Paulinian Student Government for the academic year 2014-2015 in the said university. This is his 2nd year as a servant leader. Before, he was one of the senators of the said organization and he believes that if you are a leader it doesn't always mean as leading but also serving with compassionate heart.

He was a servant leader for the reason that as early as his 1st year in college he already joined in the organization. His organization which is called as the Paulinian Student Government and other co-officers organized numerous events and trainings for Paulinian students and non-Paulinian students. He attended several seminars, leadership trainings and conferences in some places in the country. It made him more capable to be a better servant leader and most especially as a good follower.
