

LOOKING BEYOND DISASTERS

YOUNG PEOPLE
BUILDING
COMMUNITY
RESILIENCE

We welcome you to meet our team.

Salvador Emilio Cantellano
PRODUCING DIRECTOR

Salvador has been making films for over 10 years. He has been internationally recognised for his outstanding work. He has a crisp cinematic style and strong sense of narrative. Salvador arrived to Australia as a Chilean refugee, and now runs a successful filmmaking business.

Owen Novello
PRODUCTION COORDINATOR

With an engineering background, Owen is the master of resourcefulness; he's both a technician and an artist. Owen has been working in the industry for over 7 years and has several multi-award winning films to his credit.

Tal Fitzpatrick
COMMUNITY DEVELOPMENT

Tal works fulltime as a facilitator with Volunteering Queensland, in the field of building community resilience and leadership against natural disasters. Her work is cutting edge, and with a visual arts background, she brings a creative spin to her facilitations.

Hayley Low
YOUTH ENGAGEMENT & CULTURAL RESEARCH

For 4 years, Hayley has worked professionally to reengaging youth who suffer from emotionally difficult backgrounds. She is also very well travelled, and has a unique ability to connect with people from other cultures, overcoming language barriers.

Our Vision

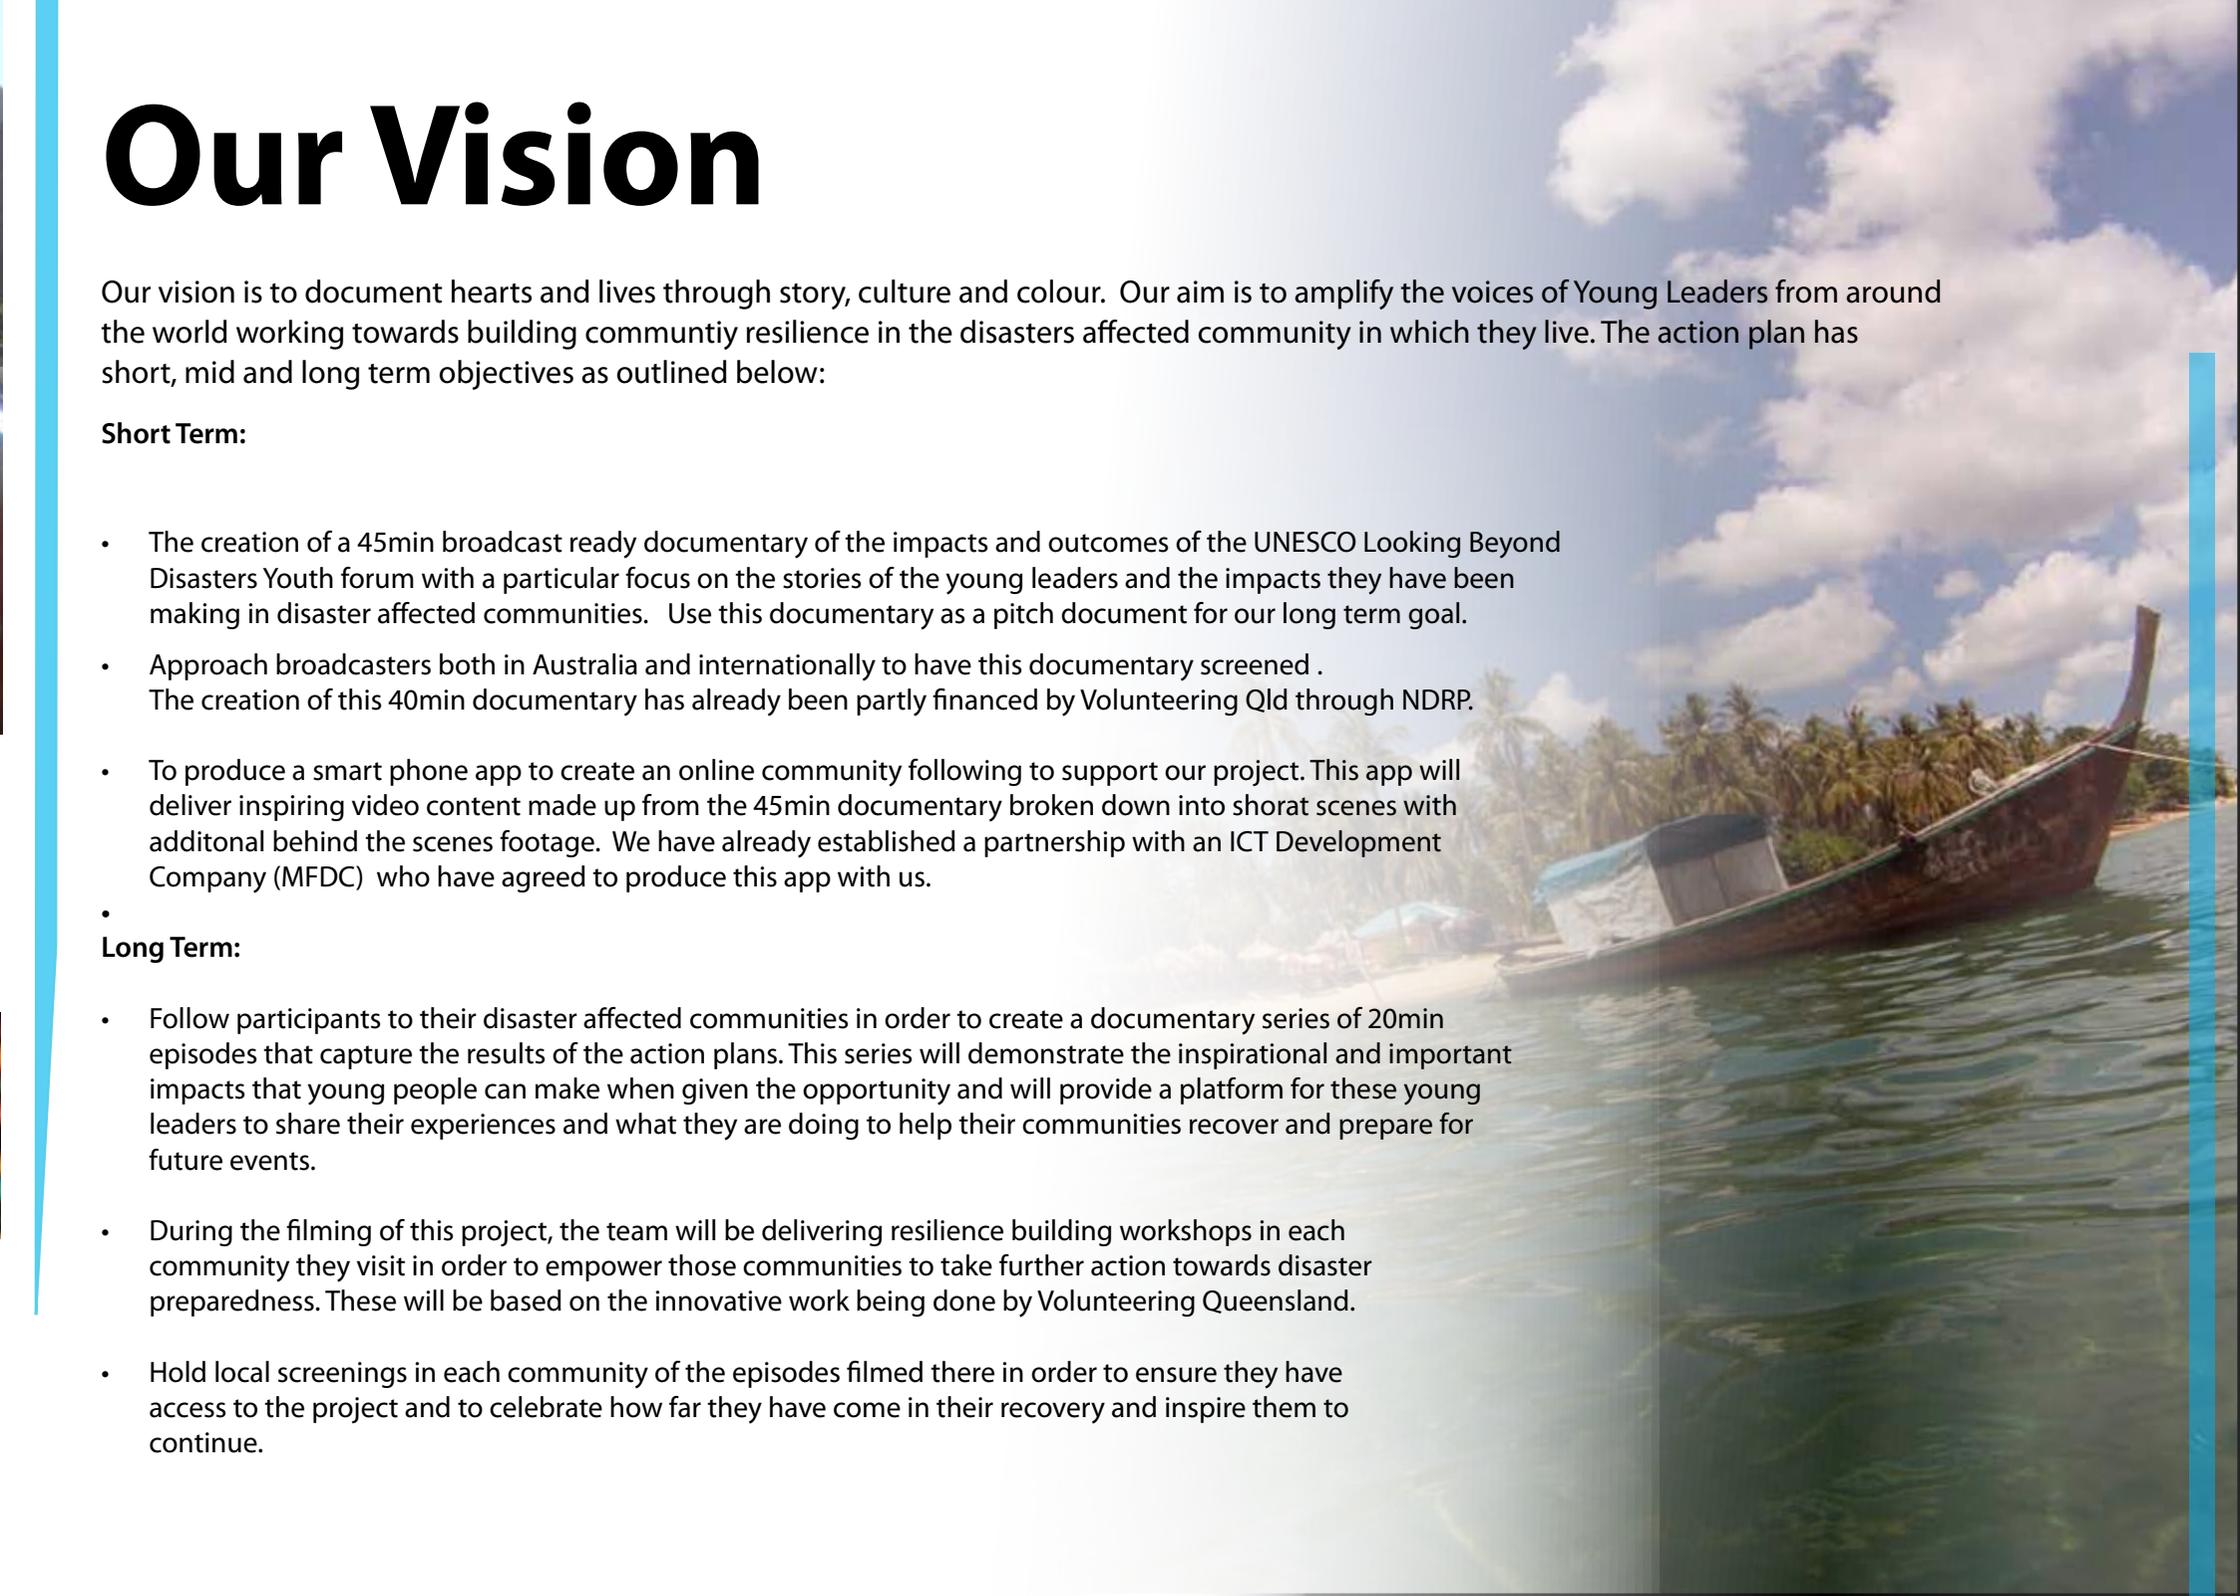

Our vision is to document hearts and lives through story, culture and colour. Our aim is to amplify the voices of Young Leaders from around the world working towards building community resilience in the disaster affected community in which they live. The action plan has short, mid and long term objectives as outlined below:

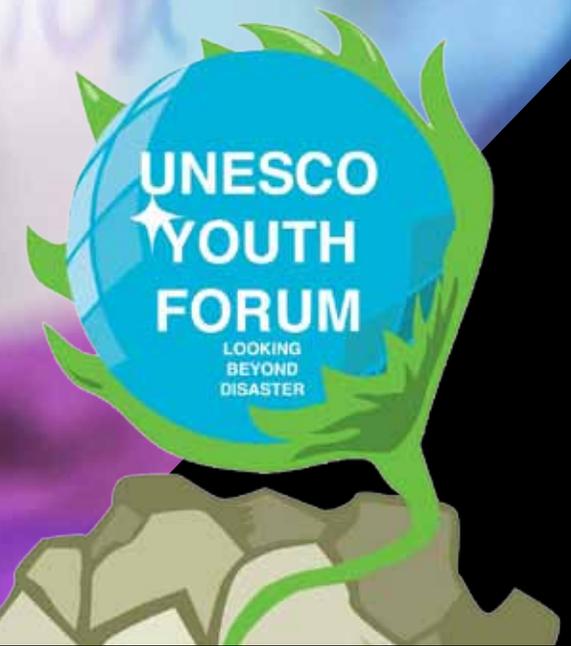

Short Term:

- The creation of a 45min broadcast ready documentary of the impacts and outcomes of the UNESCO Looking Beyond Disasters Youth forum with a particular focus on the stories of the young leaders and the impacts they have been making in disaster affected communities. Use this documentary as a pitch document for our long term goal.
- Approach broadcasters both in Australia and internationally to have this documentary screened . The creation of this 40min documentary has already been partly financed by Volunteering Qld through NDRP.
- To produce a smart phone app to create an online community following to support our project. This app will deliver inspiring video content made up from the 45min documentary broken down into short scenes with additional behind the scenes footage. We have already established a partnership with an ICT Development Company (MFDC) who have agreed to produce this app with us.

Long Term:

- Follow participants to their disaster affected communities in order to create a documentary series of 20min episodes that capture the results of the action plans. This series will demonstrate the inspirational and important impacts that young people can make when given the opportunity and will provide a platform for these young leaders to share their experiences and what they are doing to help their communities recover and prepare for future events.
- During the filming of this project, the team will be delivering resilience building workshops in each community they visit in order to empower those communities to take further action towards disaster preparedness. These will be based on the innovative work being done by Volunteering Queensland.
- Hold local screenings in each community of the episodes filmed there in order to ensure they have access to the project and to celebrate how far they have come in their recovery and inspire them to continue.

Potential Funding Streams...

Our plan for funding is to approach a number of institution and funding bodies, such as:

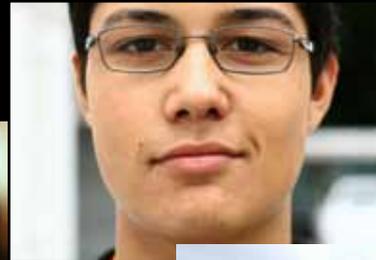

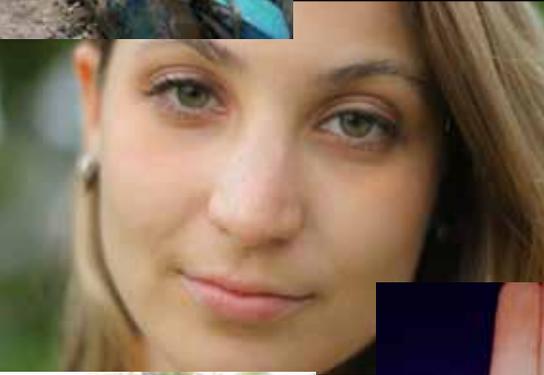

Broad Cast Networks: SBS, BBC, ABC, MTV, NAT GEO, DISCOVERY CHANNEL, ETC..

Funding Bodies: Australian Film Commission, QLD Film Commission, British Council, UNESCO Australia.

Embassies: We also plan to approach National Embassies which have tourism grants available.

Fundraising: There are a number of websites witch help projects raise funds through social media.
