BACKGROUND

- ✘ From the past years, Zamboanga City has been experiencing both human-made and natural disasters.
- ✘ In our city we experience low pressure areas which causes short heavy rains. Some of our communities are submerged in water and communities are flooded.
- ✘ At the same time because of our recent experience in the war we should be prepared and ready in disaster.

VISION AND MISSION

✘ Vision

- Communities that are knowledgeable about Disaster Risk Reduction Management.

✘ Mission

- Educated and conscientize young community leaders.

GOALS

- ✓ Create a group of trainees about disaster risk management (SACSI Volunteers)
- ✓ These SACSI Volunteers will be the trainers to the youth of communities. (Identified communities prone to disasters.)
- ✓ This young community leaders will also train their communities about disaster risk management.

SUMMARY OF THE ACTION PLAN

The idea is to form a group of student volunteers. Educate them, give them knowledge, prepare them on what to do, when to do it, to whom they're doing it for and how are they going to do it, if ever disaster happens.

After that, they're now the ones who will conduct trainings and seminars to youth leaders of the community so that at the end of the day, not just the student volunteers and youth leaders are prepared but as well as the entire community.
