RATIONALE:

This LBD4 action plan project consists of five sub-projects organized by the members of the Student Council of St. Paul University Quezon City. The activities will be designed into different ways with various target audience and participants. The activities are under the themes of Disaster Awareness, Disaster Reliefs, Environmental Awareness, and Peace.

OBJECTIVES:

This project aims to:

- Provide a means for students to learn ways on how to survive in a disaster.
- Effectively disseminate information to students about disaster preparedness.
- Make the students be aware of how the environment could be a factor for a disaster.

- In lieu with disasters, engage the students to advocate the protection and preservation of the environment.
- Promote peace before, during, and after a disaster.
- Involve the youth in the achievement of the said themes.

This will be done in St. Paul University Quezon City. All the activities will be implemented only during the activity period of the university. Its timeframe goal is 1 – 2 months.

Make A Mark!

It will be a bookmark making for the grade school students. It will be leaf shaped paper and they will be asked to write what they will do in order to take care or preserve trees which are a big help in reducing risks of having floods.

Piece for Peace!

This will be a show for a cause wherein all the proceeds will be given to the chosen community affected by a disaster. Performers from different fields will be invited to perform and the audience will just need to donate school materials to serve as their event pass. Other donations (in cash) will be accepted for additional donations.

JOIN NOW!

Paulinian Next Top Model (PNTM): Fierce to Face the Environment Problems in the Society!

This is a contest wherein all students are invited to join and audition to be the model of their organization. The organizers and judges will be the one to judge the final list of candidates. If one student gets it, it is the responsibility of her organization to support her throughout the competition.

Each model will be given a theme that is related to fighting the different problem in the environment. The model needs to deliver well and the organization is responsible for her outfit and the whole photo shoot. The final judging will be scheduled. The social media will also be used for some certain awards.

Peace Memento: Capturing the Stand for Peace!

This is a photo contest wherein 20-30 people will be involved to form the peace sign in a creative way. The view of the shot will be done from a higher position to capture the picture of peace made by the individuals.

They will just use their bodies in order to form the symbol. Props may be included but these are additional elements. The winning piece will be used as part of the promotional materials of the big event “Piece for Peace”.
