

Dr Arif Hossain MA, PhD **Vice President for South Asia of Asian Bioethics Association (ABA)**

Dr Arif Hossain MA, MBGPH, PhD, Professor & Course Coordinator, Faculty of Human Rights, Etral University, completed his Master's and PhD in International Politics from Washington University, USA. He has been working on bioethics from 2009. He is one of the pioneers to promote and develop bioethics in Bangladesh. Of his journey on bioethics, he has many research works and international publications on bioethics. He organized workshops on bioethics in Bangladesh in collaboration with UNESCO. For his enthusiasm on bioethics he was honoured as a Lifetime Member of UNESCO Asia Pacific School of Ethics. He is the Founding Chairman and Vice President of Bangladesh Bioethics Society (BBS). He is also the Vice President for South Asia of Asian Bioethics Association (ABA).

Intellectual Property Rights and developing country; Effect of climate change on Bangladesh and ethical issue; Meaning of Death; Defining principalities of Machiavelli; Mata pause and a new world on international regimes are his outstanding research works.

Being a persona of International Relations he is attracted to the philosophy of Dr Darryl Macer *“all nations with no boundaries to improving the quality of lives of the people across world”*. He completed a Master in Bioethics and Global Public Health (MBGPH) from AUSN in 2015. His Master thesis was on Peace, conflict and resolution (good vs. Evil). He is currently completing his PhD thesis on Soul, Death, Barzakh and the Hereafter for the PhD program at AUSN. He has also a master's degree in theology. He has done extensive studies and research on theology for many years. He believes in the Messianic concepts. He believes that the world is a place of conflict of good and evil, a conflict of the oppressed and oppressors and from his religious knowledge he believes that at the end God will give justice to the world and give the final victory to the oppressed of the world.
